## New Student Patio

With the proceeds from the 2016 Jim Michelini Memorial Walk-a-thon, McClancy students were able to realize the construction and outfitting of a new patio area adjacent to the school cafeteria. Any student can take advantage of eating out for lunch! The 2017 Walk-a-thon will be held this year on October 6th, the day before the McClancy 2017 Open House.

## Sepsis Prevention

Ms. Ann Smith, McClancy Science Department member who is pictured above with some eager students, has spearheaded the development of a Pre-K to 12 curriculum on sepsis which has recently been adopted by the New York State Education Department. Her work was accomplished through the auspices of Rory Staunton Foundation for Sepsis Prevention
