From Brother Joseph Rocco's Address

In this evening's gospel reading, Jesus says to his disciples (and us) "You are the salt of the earth"... "You are the light of the world"... This evening's gospel of Jesus is frightening. It says, in effect, that if there is so much darkness and bitterness in the world today it is because we as Christian/Catholics or other faith believers in God have failed in our job to be salt and light in the world. But graduates, in fact all of us, we can decide to make a difference as we move forward this evening reflecting on Jesus' words...to make a difference we must get up and get involved...
